**Guest Speaker(s):**

- John Babcock (WET Water Analysis - WET Data from 1999) - Trying to maintain methods, time, procedures. Surface temp. (2021) highest on records. Noticeable phosphorus levels. Nitrogen levels are increasing. Keep going with the program to see trends. John applies for a grant each year to support our water analysis.

- Mike and Shirley Loon awareness program leaders
- Tony Dawson - MT Loon Society: Excellent description of the importance and characteristics of loons and their habitat.
- John Babcock - Water reports discussion. 2022 Water report available on our website. Grant for routine O2 sampling. Fluorescents sampling are part of new data.
- Justin Slobjeski (FWP Game Warden). Solutions come from groups coming together to share a common goal. AIS discussion. If your boat leaves the Flathead River Basin it must be inspected as they leave and come back to the basin. 1-800 TipMont for crimes or suspected crimes. New law: all DNRC and FWP recreation lands require a conservation license.
- Tiffany Lyden (DEQ) Goal: work together to maintain clean water. Focus on watershed and the health of the lake. Three pronged effect: State, county and property owner. Vacation rentals need to be licensed through the county.

Meeting Adjourned: 7:30PM
